date	Date	Default = Date.now
severness	Number	Default = 1
caseStatus	Boolean	Default = true
shortDesc	String	Default = No description added
projectId	String	Required
image	String	

Criminals GET/POST/PUT/DELETE

example http://159.65.88.14/api/loke/criminals?projectId=test01

name	String	Required
address	String	Default = No known address
age	number	Default = 1
phone	String	Default = No known number
hasBeenToPrison	Boolean	Default = false
note	String	Default = no comment
projectId	String	Requierd
image	String	

Images GET/POST/PUT/DELETE

example http://159.65.88.14/api/loke/images?projectId=test01

name	String	Required
group	String	Required
projectId	String	Required

Notes GET/POST/PUT/DELETE

example http://159.65.88.14/api/loke/notes?projectId=test01

note	String	Required
crimeId	String	Required
date	Date	Default = Date.now
projectId	String	Required

Reports GET/POST/PUT/DELETE

example http://159.65.88.14/api/loke/reports?projectId=test01

body	String	Required
userName	String	Required
crimeId	String	Required
projectId	String	Required
image	String	

Suspects GET/POST/PUT/DELETE

example http://159.65.88.14/api/loke/suspects?projectId=test01

name	String	Required
crimeId	String	Required
projectId	String	Required
image	String	

Tasks GET/POST/PUT/DELETE

example http://159.65.88.14/api/loke/tasks?projectId=test01

task	String	Required
assigned	String	
status	Boolean	
crimeId	String	Required
projectId	String	Required

Users GET/POST/PUT/DELETE

example http://159.65.88.14/api/loke/users?projectId=test01

name	String	Required
badgeId	String	Required
email	String	
phonewphone	String	
password	String	Required
projectId	String	Required
image	String	

Victims GET/POST/PUT/DELETE

example http://159.65.88.14/api/loke/victims?projectId=test01

name	String	Required
address	String	Default = No known address
age	Number	Default = 1
phone	String	Default = No known phone number
crimeId	String	Required
projectId	String	Required
image	String	

Upload POST
example http://159.65.88.14/api/loke/upload?projectId=test01

Tekur við myndum af týpu jpg\jpeg eða png, mynd má ekki vera stærri en 8mb.
Ath munið að vera með á input formi enctype="multipart/form-data" og name="image".

Myndinn verður endurskýrð projectId-nafnámynd.png t.d. ef projectId er loketest og þú
sendir inn myndina logo.png þá verður slóðin á myndina http://159.65.88.14/images/loketest-logo.png

Images GET
example http://159.65.88.14/images/loketest-logo.png

Hér getur þú nálgast allar myndir sem þú sendir upp á serverinn.
